The massively multiplayer role playing game called RIFT is a creation of the famous Trion Worlds. This game was released very recently in March of this year, that is, 2011!

However, while it is a new born in the well grown world of MMORPGs, it has certainly already proved itself, received a lot of attention and gained significant praise and acclaim from many famous critics. For example, TenTonhammer as well as Shotgun have honored the efforts of Trion worlds through RIFT by giving it a 95/100 and a perfect score of 10/10 respectively! New York Times has also praised this game and called it one of the best games released by E3. Trion Worlds too has won several laurels ever since they released this remarkable game.

Thus, even though this game has been around only for a few months, RIFT has been well received by users and critics alike and this name will probably shine for a long time to come.
